

GENERAL PRODUCT SPECIFICATION

PLEASE REFER TO ENV200-M, OIL412, OIL1818, ENV510, SPC1900 FOR SPECS

Item No.	SL-12 BARR-C
-----------------	---------------------

Date	16-6-2017	Replaces	18-04-2013	No. Pages	1
-------------	-----------	-----------------	------------	------------------	---

Product Description:

Style	Extra large polyethylene container with lid
Item Size (each)	Extra Large
Contents	950 ENV200-M (41 cm x 51 cm) Pads, 48 OIL412 (7.6 cm x 122 cm) Socs, 16 OIL1818 (46 cm x 46 cm) Pillows, 20 ENV510 (13 cm x 3 m), 4 SPC1900 (48 cm x 30,5 m) Sweep, 2 pair of goggles, 5 pair of gloves, 10 plastic bags., 2 20L bucket, 1 bilge pump, 2 non spark scoop, 2 plastic shovel, 5 disposable jump suits
Color	Orange
Absorbency	Oil Only (Hydrophobic)

Intended Application	OPA90 kit (Oil Pollution Act)
-----------------------------	-------------------------------

Absorbency Capacity	2251 l per kit (saturated; medium viscosity)
----------------------------	--

Packaging Description:

Package configuration	truck	Pkg. Weight	173.3 kg (143.1kg)
Items per Package	1 Truck	Pkg. Dimensions	2x (147 cm x 100 cm x 104 cm H)
Container type	PE container		

Physical Properties:

<u>Parameter</u>	<u>SPC Test Method</u>	<u>Units</u>	<u>Nominal</u>	<u>(+/-)Tolerance</u>
Color	Visual	-----	Orange	per standard

The above properties are “nominal” values used for PROCESS CONTROL when the product is produced and/or inspected. Performance “nominals” may vary depending upon the specific application, and/or the environment being applied, stored, or shipped.
